## About the River/San Marcos/Heideke Street Project

Another capital project that will improve and enhance the quality of life for Seguin residents is well underway. In late February, crews started phase one of the River/San Marcos/Heideke Street (RSMH) project.

"In big cities, the signs of prosperity and growth are the sight of construction cranes along the skyline," Mayor Don Keil said. "In smaller towns like Seguin, prosperity and growth are represented by bulldozers, excavators and torn up streets."

The River/San Marcos/Heideke project includes storm drainage, water, electric and sewer upgrades. The streets will also be reconstructed and sidewalks added. The improvements will alleviate current concerns with storm water drainage, sewer issues and water pressure.

"The construction and road closures required to do the work will inconvenience some folks who live and work in the area, including us at city hall," City of Seguin Public Information Officer Scott Packard said. "We ask

residents to be patient because when this is all said and done, it will be a tremendous improvement."

Streets included in the project include Milam between Mountain and Nolte, San Marcos between Kingsbury and Court, River between College and Mountain, Mountain between River and Gravel, Bauer between Court and Mountain, four side streets between River and Austin, and a small portion of the Glen Clove Subdivision.

Jordan Foster Construction is the contractor selected for the work. Phase one of the project is expected to take two years to complete.

## Notes and Reminders

As always, please obey signs and exercise caution while driving in construction zones.

The streets in the project area are being watered on a routine basis to help control dust. Nearby streets will also be watered.

Garbage and recycling routes are being serviced normally. If your collection is missed, please contact 830-401-2445.

Crews will not be working on Thanksgiving Day or Friday, November 28. Garbage and recycling will also not be serviced on these days.

## Current Street Closures

*The following streets are currently closed to through traffic:*

- Mountain from Erskine to Crockett
- Mountain from Gravel to San Marcos
- River from Ireland to College
- River from Mountain to Mosheim
- Walnut from Crockett to Austin
- Walnut from Bauer to Erskine
- San Marcos from Mountain to Tampico
- Milam from Gonzales to Walnut
- Bauer from Court to Walnut
- Intersection of River and College
